## Content Description

The manuscripts vertical file is an artificial collection containing a wide variety of unique manuscript items relating to Alexandria, Virginia residents, businesses, organizations, and history.

Some notable documents include: a book of auction records from 1837-1840 including sales of houses, ships, and slaves; an apothecary formula book, several examples of late-18th century legal papers, Civil War passes into Washington for the Leadbeater family, an Alexandria High School student exercise book from 1859-1863, apprenticeship indentures, an 1841 retrocession petition, and records of fires in the city from the 1930s and 1950s.
