## Historical Information

Lunenburg County was named for George II, duke of Brunswick-Luneburg, a German possession of the Hanoverian kings of England. It was formed from Brunswick County in 1745.

## Scope and Content

Lunenburg County (Va.) Rough Order Books, circa 1746-1762, along with closely related court records such as order books and minute books, record all matters brought before the court when it was in session and may contain important information not found anywhere else. Generally minute books contain brief entries. A locality's loose papers are the raw materials from which this type of book was created. Like order books, a wide variety of information is found in its pages including: appointments of county officers, appointments of guardians and administrators, records of legal disputes heard before the court, and matters related to the fiscal management of the court.
