Virginia Auctioneers Board, Minutes, [please cite specific date and accession used], State government records collection, The Library of Virginia, Richmond, Va. 23219.

Biographical/Historical Information

The Auctioneers Board was established in 1983. A five-member board establishes regulations for obtaining and retaining certification, examines auctioneers for certification, and provides licensure/certification to the approximately 1,500 auctioneers and firms in Virginia. The Department of Professional and Occupational Regulation provides administrative support to the board.

Scope and Content

Minutes and related attachments documenting the meetings, activities, discussions, policy decisions, and recommendations of the Virginia Auctioneers Board. Includes official board minutes, as well as board meeting packets that include agendas, draft minutes from the previous meeting and related attachments such as agreements, correspondence, financial statements, legislation, presentations, public hearing records and comments, regulations and reports. May also include informal fact finding committee minutes.

Electronic records often contain board meeting packets with various attachments and draft minutes, while paper records often include minutes only. There may be some duplication between paper and electronic records.

For transfers prior to 2012, records of individual boards were accessioned separately. After this, transfers of records included all boards, which were accessioned under one accession number. There is a separate

finding aid for the later transfers with links provided below.
