Biographical/Historical Information

This Board for Hearing Aid Specialists was established in 1970. The purpose of this Board is to license those who are qualified, either by a temporary permit or full licensure, to test and fit individuals who need the assistance of a hearing aid. The Department of Professional and Occupational Regulation provides administrative support to the board. In 2012, the Board was merged with the Board of Opticians to create the Board for Hearing Aid Specialists and Opticians.

Scope and Content

Minutes and related attachments documenting the meetings, activities, discussions, policy decisions, and recommendations of the Virginia Board for Hearing Aid Specialists. Includes official board minutes, as well committee meeting minutes, agendas and other meeting materials. Board meeting packets include agendas, draft minutes from the previous meeting and related attachments such as agreements, compliance and investigation activity reports, correspondence, financial statements, legislation, presentations, public hearing records and comments, regulations, reports and statistical reports.

Electronic records often contain board meeting packets with various attachments and draft minutes, while paper records often include minutes only. There may be some duplication between paper and electronic records. For transfers prior to 2012, records of individual boards were accessioned separately. After this, transfers of records (records starting in 2008) included all boards, which were accessioned under one accession number. There is a separate finding aid for the later transfers ([link to finding aid below](#)).
