Historical Information

Context for Record Type: Organization Records, both volumes and loose records, are in some cases transferred to the Library of Virginia as components of court record transfers. These organization records in some cases were simply stored in the local court building for safe keeping by business owners. In other cases, organization records (particularly ledgers, account books, etc.) may have been filed in a court case as an exhibit. These organization record exhibits appeared both in chancery causes and in judgments, these records serving as exhibits for business dissolution cases, debt suits, and contract disputes.

Locality History: Amelia County was named for Amelia Sophia Eleanora, daughter of King George II. It was formed from Prince George and Brunswick Counties by an act passed in 1734 to take effect on 25 March 1735. The county court first met on 9 May 1735. The county seat is Amelia.
