Abstract

The Reston Land Corporation records document the development of Reston, Virginia, by Reston Land Corporation, a subsidiary of Mobil Oil Corporation. The records focus primarily on Reston Land Corporation's development projects and marketing programs from 1960 to 1990. Also in the collection are promotional material, media and 35mm slides from the Reston Land Corporation.

Administrative Information

Access Restrictions

There are no access restrictions.

Use Restrictions

The copyright and related rights status of this collection have not been evaluated (See <http://rightsstatements.org/vocab/CNE/1.0/>)

Acquisition Information

Donated by the Reston Land Corporation on May 28-29, 1990.

Processing Information

The Reston Land Corporation records were originally attached to the larger Planned Community Archives collection currently in the Special Collections Research Center. In 2009 the documents were removed and organized into a separate collection still housed in the Special Collections Research Center at George Mason University Libraries. The old box and folder numbers are also included as part of the new arrangement.

Processed in February 2009 by Emily Martin.

Preferred Citation

Reston Land Corporation records, C0154, Special Collections Research Center, George Mason University Libraries.

Historical Information

Reston is a planned community in Northern Virginia. Robert E. Simon, Jr., the founder of Reston, purchased the land with the proceeds from the sale of Carnegie Hall in New York City in 1961. Construction began in 1963 with the building of Lake Anne. In 1967, Gulf Oil Corporation formed a subsidiary, Gulf Reston, Inc. and took complete financial and operational control. Gulf Reston continued construction of the growing development.

When Mobil Corporation bought the remaining undeveloped land from Gulf Reston in 1978, Reston Land Corporation was formed as a subsidiary. The new developer also followed Robert Simon's master plan for the development of the New Town. Some of the projects that were completed were additional schools and parks, a regional county branch library building, the Reston Hospital Center, a shelter for the homeless, a county magisterial district office building, and the Cameron Glen nursing center for the elderly.

Scope and Content

The Reston Land Corporation records document the development of Reston, Virginia, by Reston Land Corporation, a subsidiary of Mobil Oil Corporation. The records focus primarily on Reston Land Corporation's development projects and marketing programs from 1960 to 1990. Also in the collection are promotional material, media and slides from the Reston Land Corporation.

Series 1 is comprised of correspondence dated from 1961 to 1986. The correspondents include the Federal Housing Administration, Community and Public Relations Division, and others relating to the development and marketing of Reston.

Series 2 consists of reports and studies from the Reston Land Corporation. The reports and studies involve

the development of different areas in Reston from James Felt and Company, Siddall, Matus and Coughter Incorporation and other companies. The reports are dated from 1964-1989.

Series 3 contains plans from different development projects in Reston. The plans are for housing developments, marketing plans for the new areas of Reston, and proposals from different companies for the development of Reston Town Center. The series is dated from 1962-1990.

Series 4 is promotional material from the different housing developments that were built from 1965-1990. The first item in this series is a copy of a book entitled "Reston: A Study in Beginnings" Volume I, written by Kathryn H. Stone in 1966. The rest of the information consists of floors plans and brochures advertising the new developments.

Series 5 on finances is the smallest series in the collection. The documents are legal and leasing contracts from Reston. The series is dated from 1965-1991.

Series 6 is comprised of 35mm slides from different development projects and marketing campaigns dated from the 1970s and 1980s.

Series 7 consists of audiovisual material. The collection is organized in alphabetical order by subject and type. The first section is video cassettes, next is video reels, then audio cassettes and audio reels. The series is comprised of news programs about Reston and interviews with different people involved in Reston development. The series is dated from 1976-1988.

Series 8 is a variety of memorabilia items from Reston Land Corporation. Included in the series are a can of tennis balls, key chains, mugs, notecards, posters and a tee-shirt. The items are dated from 1975-1990.

Series 9 is titled oversize. The series is small and contains only one set of blueprints. The blueprints are from Reston, the plans for Upper Dam and Lake on Snakeden Branch from July of 1970.

Related Material

The Special Collections Research Center also holds the Planned Community Archives collection and other personal papers and organizational records that document Reston, Virginia, and other planned communities.
