Abstract

The John N. Warfield papers consist of materials from Warfield's academic career, including papers authored and co-authored by Warfield, presentations, videotapes, audiotapes, and correspondence.

Creator

Warfield, John N.

Extent

98 Linear Feet 99 boxes

Physical Location

This collection is housed at the WRLC Shared Collections Facility.

Repository

George Mason University. Libraries. Special Collections Research Center

Administrative Information

Access Restrictions

The two boxes from accession 2013.027 are restricted until they have a box level inventory. There are no other access restrictions.

Use Restrictions

The copyright and related rights status of this collection have not been evaluated. (See <http://rightsstatements.org/vocab/CNE/1.0/>)

Acquisition Information

Donated in 1999 by Rose Warfield, and subsequent donations in 2007, 2009, and 2013.

Processing Information

Processed by David Hought in 2008 - 2009. Finding aid updated by Amanda Menjivar in April 2019 and Elizabeth Beckman in February 2020. Finding aid updated by Amanda Menjivar in February 2023.

Preferred Citation

John N. Warfield papers, C0016, Special Collections Research Center, George Mason University Libraries.

Biographical Information

Born in 1925, Dr. John Nelson Warfield was educated in mathematics and electrical engineering, and worked at eight universities and in three industries. Dr. Warfield held a B.A. in mathematics, a B.S. in electrical engineering, an M.S. in electrical engineering, and eventually went on to achieve his Ph.D. in electrical communications from Purdue University in 1952. Dr. Warfield spent sixteen years of his academic career at George Mason University where he was affiliated with the School of Public Policy. The author of several books and two U.S. patents on electronic equipment, Warfield was an accomplished scientist and academic. Dr. Warfield passed away in 2009.

Scope and Content

The John N. Warfield papers consist of materials from Warfield's academic career, including papers authored and co-authored by Warfield, presentations, videotapes, audiotapes, and correspondence.

Series 1 consists of textual materials such as unpublished papers, correspondence, lecture notes, and project reports. These materials were donated between 1999 and 2006.

Series 2 is comprised of audiovisual materials including filmed lectures and workshops.

Series 3 contains transparencies and other teaching materials.

Series 4 consists of materials deposited after January 2007, including material accessioned in 2013 but not fully processed.
