Scope and Content Information

This collection consists of ca. 291,000 items (194 cubic boxes; 2 card trays and 1 oversize folder; ca. 245 linear shelf feet) ca. 1965-1974, and contains papers pertaining to the political career of William B. Spong, Jr. (1920-) of Portsmouth, Virginia, in the United States Senate, including campaign material, legislative files, speeches and news releases, correspondence, daily carbons, printed material, photographs, casework files, reel-to-reel tape recordings, videotape, constituent correspondence, research material, and bound volumes.

Decisions concerning the processing and retention of individual files were made by the Curator based upon the recommendations in *Records Management Handbook for United States Senators and Their Repositories* by Karen Dawley Paul, Archivist Senate Historical Office.

The first and largest series contains legislative files and are arranged alphabetically according to the Senate Committee System of the [then]seventeen standing committees with a small section based on legislation generated by special, select, & joint committees. These standing committees include: Aeronautical and Space Sciences; Agriculture and Forestry; Appropriations; Armed Services; Banking, Housing and Urban Affairs; Commerce; District of Columbia; Finance; Foreign Relations; Government Operations; Interior and Insular Affairs; Judiciary; Labor and Public Welfare; Post Office and Civil Service; Public Works; Rules and Administration; and Veteran's Affairs.

Spong served on the following committees and subcommittees:

1967-1968

Committee on Banking & Currency: Subcommittees on International Finance, Production: Stabilization, Securities, Small Business.

Committee on the District of Columbia - Fiscal Affairs (Chairman).

Committee on Public Works: Subcommittees on Air & Water Pollution, Public Roads, Special Subcommittee on Economic Development.

1969-1970

Committee on Commerce: Subcommittees on Consumer Energy: Natural Resources & the Environment, Merchant Marine.

Committee on the District of Columbia - Fiscal Affairs: Subcommittee on Public Health, Education, & Safety (Chairman).

Committee on Public Works: Subcommittees on Air & Water Pollution, Public Roads, Special Subcommittee on Economic Development.

1971-1972

Committee on Commerce: Subcommittees on Aviation, Consumer, Environment, Merchant Marine, Oceans & Atmosphere.

Committee on Foreign Relations: Subcommittees on European Affairs, Oceans: International Environment, Western Hemisphere Affairs.

Select Committee on Equal Education Opportunities.

Select Committee on Standards & Conduct.

Each committee has a file at the beginning with more general correspondence before the files with subheadings which warrant a separate folder. Many of the files with subheadings often have related and earlier material in the general files so it is best to also consult these to make sure no material pertaining to a research topic is missed. The legislative files contain a mixture of constituent correspondence, correspondence with fellow legislators and legislative research material and memoranda.

The **second series** consists of the **federal files** containing files pertaining to the various federal departments, agencies, boards, and commissions which make up the major components of the Executive Branch of the Government. This series contains a mixture of correspondence from representatives of government agencies, constituents, and other legislators. There are also two much smaller subseries of independent agencies of the Judicial Branch and the Legislative Branch, including the Supreme Court, Tax Court, General Accounting Office, Government Printing Office, Library of Congress, etc.

The **third series** contains **general files** pertaining to the state of Virginia, Virginia and national politics, administrative office files, files pertaining to public activities such as awards, chairmanships and memberships, public relations files, and campaign files for both 1966 and 1972 (for additional files on these campaigns see the guide for 9838-b). Lists of notable correspondents from several of these folders include:

The last group of files in the third series is entitled "**VIP Correspondence**." This designation was created by the staff of Special Collections to preserve letters from notable correspondents in files not otherwise deemed of permanent historical value and was not part of the original arrangement. These letters were culled from files such as courtesy, congratulations, gifts, greetings, and requests. For lists of these correspondents please see the folder listing for Cubic 162 at the end of the guide. The term "notable correspondent" in this case was limited to those individuals chiefly involved with politics and government.

Daily carbons ("yellows") of the correspondence of Senator Spong's office comprises the fourth series of files, arranged alphabetically by name of correspondent by the years 1967- 1970, 1971, and 1972. The last and **fifth series** consists of such miscellaneous material as reel-to-reel tape recordings, video tape, oversize items, and two boxes of 5 x 8 index card files. One box of 5 x 8 cards is the alphabetical by year topical index to Spong's speeches, statements, and press releases, which are arranged in chronological order under the heading Public Relations - Speeches in the third series. The other box of cards appears to be an index to legislation and amendments introduced in Congress during 1974-1976.

Organization

The collection is arranged in five series based upon the original order imposed by Spong's office staff with the addition of two series at the end for the daily carbons and miscellaneous materials. The folders are generally in reverse chronological order except for the speeches and press releases in the General Series. The Ivystax box numbers are included in the folder listing with the box numbers. The series are:

Series I: Legislative Files (Boxes 1-90) including:

Senate Special, Select, & Joint Committees (Boxes 89-90)

Legislative Bills & Summaries (Box 90)
