Administrative Information

Conditions Governing Access

Collection is open to all researchers. Manuscript collections and archival records may contain materials with sensitive or confidential information that is protected under federal or state right to privacy laws and regulations, such as the Virginia Public Records Act (Code of Virginia. § 42.1-76-91); and the Virginia Freedom of Information Act (Code of Virginia § 2.2-3705.5). Confidential material may include, but is not limited to, educational, medical, and personnel records. If sensitive material is found in this collection, please contact a staff member immediately. The disclosure of personally identifiable information pertaining to a living individual may have legal consequences for which the College of William and Mary assumes no responsibility.

Conditions Governing Use

Before publishing quotations or excerpts from any materials, permission must be obtained from the Curator of Manuscripts and Rare Books, and the holder of the copyright, if not Swem Library.

Immediate Source of Acquisition

Purchased in October 2010

Preferred Citation

Patsy Emory Laboratory Manual, Special Collections Research Center, Swem Library, College of William and Mary

Scope and Contents

Laboratory manual, 1916-1917, of Patsy Emory of Chase City, Virginia. The following description was provided by the seller and has not been verified: "This is a copy of a school textbook titled: Laboratory Manual of Inorganic Chemistry, "One Hundred Topics in General, Qualitative, and Quantitative Chemistry", by Rufus P. Williams; published by Ginn & Company; 1896. This copy carries the name of Patsy Emory of Chase City, Va, and the dates 1916-1917. The book contains 100 experiments, each explained on the left-hand side of the opened book, with a blank page on the right, on which the student recorded her observations and findings. Teacher comments on the inside of front cover and on front flyleaf."
