Abstract

A computer disk (3.5 in. floppy) index of the map holdings of the West Virginia Geological Survey in 1994. This electronic map catalog of 306 pages was originally generated in Word Perfect 5.1 by Dr. Peter Lessing of the WV Geological and Economic Survey. The original diskette is in the collection, but its content has been converted to a 372 page Microsoft Word text file that is readable by contemporary devices.
