Biographical / Historical

Pharmacy was first offered at West Virginia University as a department in the School of Medicine in 1914. The College of Pharmacy became a separate entity in 1936 and became the School of Pharmacy in 1958. In 1960, the School of Pharmacy changed from a four-year to a five-year program and in 1998 to a six-year program.

The Medical Center was a long planning effort. In 1951, the West Virginia legislature passed a tax on soft drinks to fund the construction of the Medical Center. The Medical Center, which housed the Schools of Nursing, Medicine, and Dentistry, the College of Pharmacy, and the University Hospital, opened in 1957.
